

December 8 Holiday Party Scavenger Hunt Riddles

**Your furry or feathered loyal friend indeed,
Giving companionship and love with every need**

**Love's red emblem stands out from the pack,
It's not a diamond, and it is not the jack**

**Rooted in soil, reaching for the sun's kiss,
Green leaves, blooming petals, nature's bliss**

**Inked with stories, events untold,
Unfolded and read, then eventually old**

**Pages filled with guidance with advice to impart,
Giving some clients a roadmap where changes start**

**Not just one, but a mirrored pair
Supporting clients communicating after an affair**

**Pages written to excite with passion's glow,
Characters moving to love overcoming woe**

**In your hand, purse or pocket, I'm never far,
Now you can even use me safely in your car**

**Future days and dates, neatly arrayed,
Your client's appointments, yet to be displayed**

**Clear and slender, my purpose is clear,
Quenching your thirst, when I'm held near**
